

To whom it May Concern,

We have been loyal listeners of the Klove FM 91.1 radio station in the Denver metro area for many years. We value this radio station as a good alternative to others that exist. Many people do not listen to regular stations, and this is one of the few others types that exist. Our community is served in many ways by the programing that exists with KLOVE. Many in our community will be very unhappy if you displace this station to a LPFM type station, including ourselves. Please consider our comments.

Sincerely,

Larry and Lisa McKenna
